MEMORANDUM FOR: DIRECTOR OF CENTRAL INTELLIGENCE

ATTENTION:

SUBJECT: Request for Approval of TALENT Billet (C)

HANDLE VIA TALENT

CONTROL SYSTEM ONLY

1. It is requested that the following-listed position be approved as an Army TALENT billet:

Commanding General, Army Medical Service Research and Development Command

2. JUSTIFICATION: Commanding General, Army Medical Research and Development Command, is responsible for directing the research and development activities throughout the Army Medical Service to include the necessary research for the protection against biological and chemical warfare agents. In this position the incumbent must have complete knowledge from all sources concerning potential enemy capabilities. Clearance will permit cleared subordinates to keep him abreast of activities and permit him to understand the necessity of following certain lines of research which he controls. Incumbent's broad experience in military medicine and public health will materially aid Technical Division in the interpretation and evaluation of materials peculiar to the TALENT program.
